

ADDENDUM # 02

DATED: 10/31/2025

RFP #41383

On-Call Wastewater, Stormwater, and Flood Management Facility Maintenance

This addendum serves to notify all prospective respondents that the previously scheduled **site visits** for this solicitation are halted. In addition, all remaining solicitation deadlines are temporarily suspended.

The purpose of this delay is to have a second mandatory pre-proposal meeting to allow additional prospective vendors the opportunity to review and respond to the various service components included in this RFP. The date, time, and location of the second meeting will be issued in a subsequent addendum.

Firms that attended the first mandatory pre-proposal meeting are not required to attend the second meeting and remain eligible to submit a proposal.

Firms that did not attend the first mandatory meeting will be required to attend the second mandatory meeting to be considered responsive.

Updated dates for site visits, questions, and proposal submissions will be issued in a subsequent addendum.

All other terms and conditions remain unchanged unless modified by subsequent addendum.

Please sign and date this amendment and return it, along with your Bid.
