Comments concerning defects and objectionable material must be made in writing and received by the procurement officer at least ten days before the proposal opening. This will allow issuance of any necessary amendments. It will also help prevent the opening of a defective solicitation and exposure of offeror's proposals upon which award could not be made. Protests based on any omission or error, or on the content of the solicitation, will be disallowed if these faults have not been brought to the attention of the contracting officer, in writing, at least ten days before the time set for opening.

Section 1.05 *Protests and Appeals*

When listing deviations, refer to the specific provision(s) to which the deviation pertains. Unless a deviation is expressly stated, the proposal shall be evaluated as if it meets ALL specifications, and the company submitting the proposal shall be required to perform all services as required by the specifications

Section 1.09 *Implied Requirements*

By submission of the proposal, the Offeror certifies all services proposed meet or exceed all requirements as set forth in the Request for Proposals, unless the proposal specifically states otherwise. Any products and services that are not specifically addressed in the RFP but which are necessary to provide functional capabilities proposed by the offeror must be included in the proposal.

Section 1.10 *Project Timetable & Contract Term*

Section 4.06 Termination for Default

If the Contractor refuses or fails to perform any of the provisions of this Agreement with such diligence as will ensure its completion within the time specified in this Agreement, or any extension thereof, or commits any other substantial breach of this Agreement, the Procurement Officer may notify the Contractor in writing of the delay or nonperformance and, if not cured in ten days or any longer time specified in writing by the Procurement Officer, such officer may terminate the Contractor's rights to proceed with the Agreement or such part of the Agreement as to which there has been delay or a failure to properly perform.

The Unified Government shall pay the Contractor the costs and expenses and reasonable profit for services performed by the Contractor prior to receipt of the notice of termination; however, the Unified Government may withhold from amounts due the Contractor such sums as the Procurement Officer deems to be necessary to protect the Unified Government against loss caused by the Contractor because of the default.

as acts of God, acts of the public enemy, act of the Unified Government and any other governmental entity in its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, or other labor disputes. If the failure to perform is caused by the failure of a subcontractor to perform or to make progress,

and if such failure arises out of causes similar to those set forth above, the Contractor shall not be deemed to be in default, unless the services to be furnished by the subcontractor were reasonably obtainable from other sources in sufficient time to permit the Contractor to meet the contract requirements. Upon request of the Contractor, the Procurement Officer shall ascertain the facts and extent of such failure, and, if such officer determines that any failure to perform was occasioned by any one or more of the excusable causes, and that, but for the excusable cause, the Contractor's progress and performance would have met the terms of the Agreement, the time for completion of the Agreement shall be revised accordingly.

If, after notice of termination of the Contractor's right to proceed under the provisions of this clause, it is determined for any reason that the Contractor was not in default under the provisions of this clause, and both the Unified Government and the Contractor agree, the rights and obligations of the parties shall be the same as if the notice of termination had not been issued.

The following acts committed by the Contractor will constitute a substantial breach of the Agreement and may result in termination of the Agreement:

The Procurement Officer shall immediately furnish a copy of the decision to the Contractor by certified mail, return receipt requested, or by any other method that provides evidence of receipt. Any such decision shall be final and conclusive, unless fraudulent, or the Contractor brings an action seeking judicial review of the decision in the Wyandotte County District Court.

Prices quoted for the first twenty-four (24) months of the contract period will be fixed for each garment. Bidder stipulates that the total increase per unit price at the time of each renewal will not exceed CPI % of the price in effect at the end of the prior twelve-month period.

To exercise any portion of the pre-established price increase at time of renewal, manufacturing contractor must submit an original letter from the supplier of their raw materials indicating that an equivalent price increase is being levied against the bidder. Retail contractors and distributors must submit the same type of letter from their supplier of uniform items.

The cost increase after the second year will be scrutinized for validity by comparing those real cost increases with the percentage of increase in the U.S. Consumer Price Index.

Price increases deemed as unreasonable by the Unified Government may provide basis to end the contract.
