

ADDENDUM # 01

DATED: 4/21/2026

RFP #42944

Automatic Wastewater Sampler Equipment

The Purchasing Division must inform you of the following:

1. As stated in Section 5.01 Scope of Work, approximately up to twenty-four units may be purchased during the contract term. Could you estimate the quantity breakdown across the four sampler types? **There isn't a specific breakdown. 6 refrigerated samplers will likely be purchased at the beginning and potentially 2 of everything else. The remaining will be on an as needed basis.**
2. If an exact breakdown is not available, could you advise whether vendors should assume an equal distribution or propose pricing based on anticipated usage? **Propose pricing based on anticipated usage.**
3. Will awards be made per item category or as a combined total evaluation across all sampler types? **A contract shall be awarded in whole or part to the responsible offerors whose proposal is determined to be the most advantageous to the Unified Government taking into consideration all the evaluation factors set forth in the RFP, Article VII Evaluation and Selection – selection criteria.**
4. Per Section 2.06 – F.O.B. Point, all goods are to be delivered F.O.B. final destination. Could you provide approximate delivery address or distribution expectations? **All items can be delivered to Kaw Point Treatment Plant, 50 Market Street, Kansas City, KS 66118.**

Please sign and date this amendment and return it, along with your Bid.
